THE PRIZE BANNER.

Let every township in Wood County make a  
gallant effort to obtain the Prize Banner. It is  
to be given to that township which puts the largest  
per cent. increase of Republican votes since  
last year.

ONLY NINE DAYS.

But nine more working days before the election—  
Are you getting ready? Every school  
district in the county should be thoroughly  
assessed.

The measures to secure the se-  
cession of every Republican voter at the polls  
will be taken. The banner will be awarded  
to the township which has the most  
influence with the people and with the  
majority of securing a full vote can not be  
overestimated.

THE VILLAINIES OF THE DEMOCRATIC  
PARTY.

At a Republican meeting in Worcester, Mass.,  
Senators Winsor, after showing that the  
Republican party had the sympathy of all  
good men here and abroad, thus arranged  
the Democracy:

Who is that that assails us?

It is the Democratic party, North and South,

Sayman and Wade Humpson! Pendleton and

Robert French! Vandenberg and Howell!

These are the gentlemen who propose  
to assail us.

You will remember that fourteen years ago  
there was a malignant territory west of the  
Mississippi, called freedom. Who abrogated  
the compact of consecration?

Who delinated and justified the conduct of the  
Democrats?

It is the Democratic party!

Who made this domain slave territory, and  
when those who strive for it were freed  
were sold, tortured and murdered, who ap-  
pealed to the courts?

The Democratic party!

Who removed Governor Reed, made the  
Legislature disband, and induced the Dem-  
ocrats to do?

The Democratic party!

Who was imminent the "crittenden compromis-  
e," and a vote to their favor?

Who made this a national party?

Who made this a national party, and who pro-  
posed to assassinate our acts?
